

# **MyStudentCare**

VORHURS'

MyStudentCare (MSC) allows school administrators and teachers to seamlessly and instantly connect with parents to provide information, education updates, and alerts.

MyStudentCare (MSC) was developed while working closely with educators and school administrators at all levels. MSC was designed using a series of interactive information modules and culminated in the "Best Student Services Product" on the market today. We use the term "Student Services" because MSC addresses all of the service areas focusing on students during the school day. MSC features a user-friendly interface MSC Modules reflect the daily activities of teachers, that is accessible through many portable devices such as administrators, nurses and principals electronically. smartphones, tablets, netbooks, and laptops.

MSC is an efficient and powerful solution that is in tune with the needs of today's modern schools, teachers, and parents. By automating many of the daily school business processes, MSC reduces duplicate paperwork while increasing accountability and parental involvement which is necessary in creating successful students and schools.

MSC provides parents with notifications of their student's MyStudentCare is a fabulous program. If you are trying to inactivities, incidents, announcements, as well as "School Crisis crease your rate and level of communication with your parents, Using MSC, parents can also register for school then this program is for you! Alerts". activities such as sports participation, school field trips, class pictures, fundraising sales, etc.

lt minimizes tedious and consuming "paperwork drills" by transitioning the tasks to an electronic format, increasing efficiency and productivity. An electronic repository replaces mounds of paperwork and the potential for vital information to be lost. MSC files can be audited at any time and are 100% HIPAA compliant for security and accountability.

#### **Testimonials**

MyStudentCare has allowed us to communicate with our parents in a more in-depth way. We are really enjoying the incidents aspect of the program.

—Administrator, Texas School

-Superintendent, Texas School

### Anti-Bullying Program Management

Gather bullying information through S.P.O.T.- Students and Peers Observing Together— the easiest way for anyone to report anonymous bullying information from anywhere and

anytime using any device. Investigate the reported incident, prepare and track harassment, intimidation and bullying (HIB) report in the counsel and support system, victims, analyze trends and develop programs to prevent bullying.

#### **Activities Module**

Automate the entire business process of all student activities conducted by the teacher, school or PTA/PTO/ Volunteer Organizations within your school. The activities module simplifies the tasks of sending notifications of scheduled events and collecting various forms and Throughout a normal school day, there are many possible associated fees for school events. Parent volunteers can be scheduled using this module increasing efficiency and reducing teachers' time away from instruction.

#### EMERGENCY EXIT

#### **Electronic Literature Folder (ELF) Module**

Our ELF Module gets important forms, classroom updates, announcements, messages, and documents home safely and efficiently while saving thousands of dollars in paper and copier costs. No more lost documents, folders, or files. All of this in one easy touch!

#### **Communications Modules**

Timely communication with parents, administrators, teachers, and the community is the key to success. Use our proactive modules to communicate with parents and the community through email and SMS text messages. The communications module acts as a hub in guiding the daily flow of information from the various MSC modules which form a life line between parent, student, school, and the community.

Get your parents involved in their students' progress and your school will thrive. Get MyStudentCare.
